**Get online at home**

**Would you like a brand new computer/and or at least one year's free internet connectivity?**

You could be eligible for just that.

Home Access is a government drive that helps families who currently lack access to a computer and/or internet to get online at home.

The programme is aimed at those that need it most. If you are from a low-income family in receipt of certain benefits you could qualify for a grant to buy a computer and/or a minimum of one years' internet access.

**Do you qualify?**

If you think you and your family qualify for a Home Access Grant advise your parents to call the Home Access Grant Helpline on **0333 200 1004** to get an application.
