Issue 5

March 2010

Welcome to our newsletter designed to raise parents' awareness of matters relating to homework at Woodlands. It is our plan to send it out each half term. We would welcome your feedback on this initiative. Please write to Mr Bond, Assistant Headteacher or put a note in your child's planner.

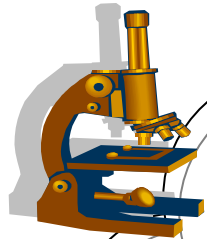

Maths

Pupils will be set one piece of homework every week. Each task should take 30 minutes and should be completed in the back of their Maths book. Please refer to www.mymaths.co.uk (login) WCC, (password) square for more details

Science

The KS3 Science Scheme aims to make all science relevant and contemporary and produce students who are confident with How Science Works raising students achievement and understanding. Students will be set weekly homework tasks set around these topics. Revision and additional learning can be accessed via www.samlearning.co.uk

Journey 7

All pupils will be working on developing their skills and understanding areas in a range of thinking and learning styles. Homework tasks will also be set from a homework booklet which encourages pupils to use a variety of skills.

Drama

Most homework tasks will be asking students to review their own work. Parents can help by discussing the Drama work with their child, looking at what went well and challenging them to identify areas they could improve on.

English

During this half-term students will be participating in an interactive English programme. They will be studying a range of literary and non-literary
